

PROJETS CRC- FONDATION LOUIS JEANTET

Année 2019-2020

Projets Starter

- Financement Fondation Louis Jeantet
 - Recherche translationnelle
 - Bourse 100'000,-/an, 2 ans
- Le but des ces subsides est de financer un projet impliquant obligatoirement un groupe de recherche clinique (HUG) et un groupe de recherche fondamentale (Faculté de médecine, UniGe)

Parmi les 17 projets soumis dans le cadre de l'appel d'offres 2020, voici la liste des lauréats pour les 3 projets approuvés par le Conseil Scientifique du Centre de Recherche Clinique de 1^{er} septembre 2020.

Impact of genetic modifiers on the fibrin clot structure and the clinical phenotype of patients with hereditary dysfibrinogenemia

Casini Alessandro
