**UNIVERSITÉ
DE GENÈVE**

FACULTÉ DE MÉDECINE

Microbiota and nutrition in clinical practice

Context

Many patients focus on nutrition with the aim to improve their gut microbiota and ultimately their health.

A better understanding of the interactions between nutrition, pre- and probiotics and gut microbiota could open up new therapeutic options for digestive diseases.

Aims

To create a group of physicians/scientists/health professionals/industrials interested by the nutritional modulation of microbiota and its impact on energy metabolism.

Public

Professionals (physicians, scientists, dieticians, nurses, pharmacists...)

Organisers

Prof. Laurence Genton, Prof. Jacques Schrenzel

Program

February 8th 2024

13:00 Welcome

Prof. Laurence Genton, Geneva, Switzerland

Moderators: Prof. Sophie Leboulleux, Prof. Mirko Trajkovski

13:05 Interactions between nutrition, gut microbiota and metabolome

Louis-Felix Nothias, Geneva, Switzerland

13:20 Interactions between nutrition, gut microbiota and epigenetics

Prof. Amanda Cuevas-Sierra, Pamplona, Spain

13:50 Food pesticides and gut microbiota

Prof. Hafida Khorsi-Cauet, Amiens, France

Moderators: Julie Mareschal, Dr. Karim Gariani

14:20 Intermittent fasting and gut microbiota

Dr. Tinh-Hai Collet, Geneva, Switzerland

14:35 Food additives and gut microbiota

Dr. Benoit Chassaing, Paris, France

15:05 Pause

Moderators: Dr. Joachim Karsegard, Dr. Emmanuel Biver

15:30 Pitfalls in microbiota assessments

Prof. Jacques Schrenzel, Geneva, Switzerland

16:00 Microbiota assessment and clinics: so what?

Prof. Alain Schoepfer, Lausanne, Switzerland

16:30 Best attendees awards – Competition

Prof. Jacques Schrenzel, Geneva, Switzerland

16:50 Conclusion followed by aperitif

Practical informations

Site

The 9th Symposium Feeding the microbiota will be held:

- ▶ In presential: HUG, Auditoire Marcel Jenny, Rue Gabrielle-Perret-Gentil 4, 1205 Genève
- ▶ Virtually simultaneously

Information and registration

Free but mandatory registration at [➔ hug.plus/microbiota-2024](https://hug.plus/microbiota-2024)

Further information: laure.wilmart@hcuge.ch

Post-gradual credits

Internal medicine, general medicine, gastro-enterology, infectious diseases, microbiology, endocrinology, diabetology (to be requested)
